Flag: Follow up

Hi Rosemary,

See attached for the full and condensed summary- the condensed summary could take a different format, but I've marked what's a "Question" vs. "background" vs. "EPA response" vs. "follow-up" in case there's a category you and Jeananne don't want to keep, then you can just delete all the bullets with that category name.

Hopefully that helps with the process! You might also decide to delete questions that don't require any follow-up, although there's always the chance the tribe heard some follow-up.

Best,
Whitney
